Step 2 — Unrecognised Antigen Samples

ⓘ The table in image one shows you the details of the Unrecognised Antigen Samples which have been recorded incorrectly or which have not yet been registered on CTS.

- Click on the blue i next to the CPH in the first image as shown by the orange arrow, to view the holding name.

- To search for an Animal ID, click on the magnifying icon in the first image, as shown by the blue arrow (search box is shown in the second image). Under Animal ID, you can search by Interpretation or Sample ID by clicking on the black arrows. Click on **Find** as shown circled in red or **Reset** to clear your search, as circled in green

- To **download** the page to Excel, click on the paper icon shown by the black arrow in the first image.

- You can select the records viewed per page by clicking on the small black arrows, as highlighted in the green box in the first image.

- To edit an Animal ID, click on the appropriate line to highlight it, then select the pencil icon as shown by the red arrow (Edit record is shown in the third image). In the Edit box, make the changes to the ID then click **Submit**, shown by the green arrow or **Cancel**, shown by the purple arrow.

If you require further assistance, please contact ScotEID on 01466 794323.
