| 18/03/2014 | UK582503 2 03028  | Male | AAX |

- You can sort by each of the column heading by clicking on them.

Step 4 — Searching the Births

ScotMoves+ Births

| Search... | | | |
|--|--|--------|--|
| all | + | | |
| <input checked="" type="checkbox"/> DOB <input type="checkbox"/> Animal ID <input type="checkbox"/> Sex <input type="checkbox"/> Breed <input type="checkbox"/> Dam ID <input type="checkbox"/> Sire ID <input type="checkbox"/> User Ref. | equal | | Find  |
| 24/11/2013 | UK582503 5 03024  | Male | SMX |
| 21/11/2013 | UK582503 4 03023  | Female | SMX |

- By clicking on the small spyglass icon in the bottom left of the table you get the search option box presented.
- You can search one data field or more than one. For more information please see 'How to use the Search function on Tables'.
- For example - you can select Animal ID from the dropdown of searchable fields and search for the details of a particular birth that occurred on your holding.
