- Your cattle on holding listing presents each animal , it's date of birth, when it first joined the herd, breed, sex, dam and individual BVD status (if it has one).
- By clicking on the column headers, you can sort the data the column.
-  For those that use ScotMoves to record within business moves, the table shows the initial CPH and current CPH. For those that are not required to record within business moves, these 2 CPH columns will always be your main holding.
-  You can use the eye glass icon bottom left on the table to search. Please see the guide 'How to use the Search function on the tables'.
