Business Details:

- List shows "all additional CPH's" used by your holding. Any CPH's that currently have cattle on them for Scotmoves, are shown with a blue hyperlink click this to view which cattle are located on these specific holdings.
- The **Alias** or name of each holding. This can be the farm name or how you know that holding.
- The number of **Cattle** on that holding.
- The BVD category will show highlighted in the specific colour associated with the holding BVD status.
- How many days until the additional holding will **Expire**.
- The amount of cattle registered on CTS is displayed.
- The default holding can be changed from here. This is specifically used for 7000 keepers.

Step 3
