- A box with a list of the animals being moved will appear, click **OK** if happy to proceed
- After submitting the movement you will be asked "Would you also like to record a return movement for these animals?"
- YES If yes is selected, the OFF movements will pre-populate for the user to complete the movement of the same batch of animals
- NO If no is selected, a separate OFF movement will need to be recorded for the animals to be moved off the show holding.
