Sheep - A to B Movement

Visually record data - A to B Private Sheep Movement

Written By: ScotEID

Step 1 — Sheep - A to B Movement

- To record a private sheep movement. Once logged in, click on Visually Record Data under the sheep header.
- Then click on the A to B movement

Step 2 — Recording Private Sheep Movement

Visually Record Data

Movement

Move to the next step
After recording the IDs below

0 Full ID Tags

☐ Sequential Range of IDs
☐ Non-sequential IDs

0 Flock/Slaughter Tags

Flock No.

UK

How many?

?

0 Historic Flock

- Depending if the tag numbers you are entering are Full EID tags or Slaughter tags or a mixture of both the process can vary.
- Firstly click on either sequential or non-sequential for Full EID tags.
- For slaughter tags, you only require the flock number, if these are homebred your flock number will appear pre populated.
- Enter the number of animals
- It is possible to add a mixture of both full ID's and slaughter tags within the one movement but only one batch of sequential numbers per movement.

Step 3 — Entering Full EID Tags

Visually Record Data

☐ Sequential Range of IDs
☒ Non-sequential IDs

Flock No.	Animal ID	+Add / -Remove
UK0	00213	+Add / -Remove
UK0	00214	+Add / -Remove
UK0		+Add / -Remove

0 Flock/Slaughter Tags

Flock No. How many?

Historic Flock

- If you are entering only Full EID tags firstly select if these are in sequential or non-sequential order.
- If the numbers are in sequential order you need to add the flock number then the ID start and stop number range, if for example you are just missing one from this range due to a broken tag you can enter this number in the Except ID, there is no limit to how many exceptions you can add within a range.
- If the tags are in non-sequential order and may have different flock numbers then these can be added individually by clicking on the +Add button after each tag number.

Step 4 — Entering Flock/Slaughter Tags

Visually Record Data

Movement
Move to the next step
After recording the IDs below

0 Full ID Tags

☐ Sequential Range of IDs
☐ Non-sequential IDs

10 Flock/Slaughter Tags

Flock No. How many?

Historic Flock

- If you are entering slaughter tags, then you only need to add the flock number, your own flock number will appear pre populated in the box and can be over typed if this requires to be changed and then you need to add how many there are.

Step 5 — Move to next step

Visually Record Data

Movement

Move to the next step
After recording the IDs below

0 Full ID Tags

☐ Sequential Range of IDs
☐ Non-sequential IDs

0 Flock/Slaughter Tags

Flock No. How many?

0 Historic Flock

- After all the tag numbers have been entered, click on grey button, Move to the next step, located at the top left hand side of the page.
